Throw up our feet,  
Start up the grill,  
Toss on the burgers  
And we'll all eat our fill.

Put up the tools  
Watch the grass grow,  
Forget the leak  
And the commode overflow.

The dishes can wait;  
Go out and play.  
There's good reason to be lazy ...  
It's called Labor Day!

It is so hard to believe that my tenure as Candlewood Knolls president is almost over. I have tried to give back to a community that has rendered so many happy days and memories to me over the years. These past 2 years have been an experience packed with much good in spite of so many challenges. How lucky I have been to have a dedicated board that loves this community as much as I do. We worked so well together to protect what was working and improve where we could. I feel so good about what we were able to accomplish ... Teamwork makes the Dreamwork!

I would also like to thank all of you for your participation and support over the past 2 years. I know the community was different in a lot of respects this year. I am thrilled that we were able to use our boats, beaches and recreational areas. Our children were able to attend camp and we were able to socialize on a small scale and feel comfortable with our neighbors and friends here in CK thanks in part to our additional security. In many respects we were living in a bubble ... we have so much to be thankful for. At the top of the list are the people who live here ... the residents who are willing to help and care for each other when they see a neighbor in need, the friendships that span generations and the outpouring of support for a community they are proud to be a part of. That is the part that did not change this year ... the important part ... and that is what makes this community so special and MY HAPPY PLACE!

*Maria*

A fallen leaf is nothing more  
than a summer's wave goodbye.

It seems that every newly elected Knolls president is confronted by some emergency or unexpected event. And Maria's presidency is no exception. Building code issues, Fire Marshall complaints, Covid 19, even Tropical Storm Isaias ... as well the normal day in and day out occurrences of life in the Knolls. And Maria handled everything with grace and kindness, reflective of the affection she has for the Knolls and the people we all call family. You did a wonderful job Madame President! Thank you for your tireless efforts. Now it's time to relax and enjoy "Your Happy Place" The Knolls is a better place because of your leadership.
